Thank you for this information. One of the main reasons we would like the comment period extended is that the memorandum is very lengthy and I don't think the lay person can be expected to decipher it and make an informed decision.

I have received responses from Linda Daugherty, Damon Kegel and Brian Sholder. Brian suggests that, if possible, we schedule a meeting right after Thanksgiving. I am thinking the 28th as that is our regularly schedule Council meeting. What are your thoughts?

Thank you for listening.

Bill

Yes, you can request this. Shellie and I will forward this to the appropriate people as a formal request so that it may be considered.

I still think we should set a date for an informational meeting. Any luck on that?

Amber,

I have asked the rest of the Council for input as to when they felt a meeting could be held. One member voiced concern that the comment period is over tomorrow. Can I ask that the comment period be extended on behalf of the Council and residents of the Valley?

Please advise.

Thanks,

Bill
